2. Grand/Jackpot Prize Payments
 - a. Prior to each drawing, the Mega Millions Finance Committee shall determine the estimated Annuitized Grand/Jackpot Prize amount to be advertised. The actual Grand/Jackpot Prize shall be determined on a pari-mutuel basis. The amount to be awarded to each Grand/Jackpot winner ticket(s) shall be based upon the prize money allocated to the Grand/Jackpot prize pool, equally divided by the number of tickets with Mega Millions Panels matching all five (5) of the Mega Millions Winning Numbers drawn for Field 1 and the one (1) Mega Millions Winning Number (Mega Ball) drawn for Field 2. No Annuitized Grand/Jackpot Prize, as payable to the single winner of a drawing, shall be less than \$40 million.
 - b. Grand/Jackpot Prizes shall be paid, at the election of the player made no later than sixty (60) days after the player becomes entitled to the prize, with either a per winner annuity or cash payment. An election made after the winner becomes entitled to the prize is final and cannot be revoked, withdrawn or otherwise changed.
 - c. If, in any Mega Millions drawing there are no Mega Millions Panels which qualify for the Grand/Jackpot Prize category, the portion of the Prize Fund allocated to such Grand/Jackpot Prize category shall remain in the Grand/Jackpot Prize category and be added to the amount allocated for the Grand/Jackpot Prize category in the next consecutive Mega Millions drawing.
 - d. If the Annuitized Grand/Jackpot Prize divided by the number of Mega Millions Panels matching all five (5) of the five (5) Mega Millions Winning Numbers for Field 1 and the one (1) Mega Millions Winning Number (Mega Ball) for Field 2 is equal to or greater than \$1,000,000, the Grand/Jackpot Prize(s) will be paid under the Annuity Option, unless a Cash Option was offered to and accepted by the Grand/Jackpot Prize Claimant as prescribed in the North Carolina Lottery Act, rules, policies or procedures. If no declaration is made by close of business on the 60th day after the prize has been claimed, the prize shall be paid under the Annuity Option. No Grand/Jackpot Prize payment will be processed until the Claimant submits a form irrevocably selecting a payment option, or the 60-day selection period lapses, whichever shall first occur.
 - e. Annuity Option Grand/Jackpot Prize shall be paid in thirty (30) graduated annual installments by the NCEL. The initial payment shall be paid upon completion of internal validation procedures and administrative processes of the NCEL. The

subsequent twenty-nine (29) payments shall be paid annually to coincide with the month of the Federal auction date at which the bonds were purchased to fund the annuity. All such payments shall be made within seven (7) days of the anniversary of the actual auction date.

- f. Cash Option Grand/Jackpot Prize shall be paid in a single payment upon completion of internal validation procedures and administrative processes of the NCEL. The Cash Option amount offered shall be determined by the MUSL Product Group. The Claimant has until the close of business on the 60th day after the date the Claimant submits a claim for payment to select the Cash Option Grand/Jackpot Prize method of payment. No payment will be processed under the Cash Option Grand/Jackpot Prize provision until the Claimant submits a form irrevocably selecting said payment option.
 - g. In the event multiple Mega Millions Panels match all five (5) of the five (5) Mega Millions Winning Numbers for Field 1 and the one (1) Mega Millions Winning Number (Mega Ball) for Field 2, and the Annuitized Mega Millions Grand/Jackpot Prize divided by the number of winning game panels is less than \$1,000,000, each Mega Millions Grand/Jackpot Prize winner shall be paid an amount equal to the Cash Equivalent Grand/Jackpot Prize divided equally by the number of Grand/Jackpot Prize winners. Each such Grand/Jackpot Prize winner will be paid in a single cash payment.
 - h. Except as may be required by these Rules, the official advertised Grand/Jackpot Prize annuity amount is subject to change based on sales forecasts and/or actual sales.
3. Second through Ninth Level Prizes
- a. Mega Millions Panels matching five (5) of the five (5) Mega Millions Winning Numbers drawn for Field 1, but not matching the Mega Millions Winning Number (Mega Ball) drawn for Field 2 shall be entitled to receive a Second Prize of \$1,000,000*.
 - b. Mega Millions Panels matching four (4) of the five (5) Mega Millions Winning Numbers drawn for Field 1 and the Mega Millions Winning Number (Mega Ball) drawn for Field 2 shall be entitled to receive a Third Prize of \$10,000*.
 - c. Mega Millions Panels matching four (4) of the five (5) Mega Millions Winning Numbers drawn for Field 1, but not matching the Mega Millions Winning Number (Mega Ball) drawn for Field 2 shall be entitled to receive a Fourth Prize of \$500*.
 - d. Mega Millions Panels matching three (3) of the five (5) Mega Millions Winning Numbers drawn for Field 1 and the Mega Millions Winning Number (Mega Ball) drawn for Field 2 shall be entitled to receive a Fifth Prize of \$200*.

CHAPTER 2 – GAME RULES

2.04G – MEGA MILLIONS GAME RULES

- e. Mega Millions Panels matching three (3) of the five (5) Mega Millions Winning Numbers drawn for Field 1, but not matching the Mega Millions Winning Number (Mega Ball) drawn for Field 2 shall be entitled to receive a Sixth Prize of \$10.
- f. Mega Millions Panels matching two (2) of the five (5) Mega Millions Winning Numbers drawn for Field 1 and the Mega Millions Winning Number (Mega Ball) drawn for Field 2 shall be entitled to receive a Seventh Prize of \$10.
- g. Mega Millions Panels matching one (1) of the five (5) Mega Millions Winning Numbers drawn for Field 1 and the Mega Millions Winning Number (Mega Ball) drawn for Field 2 shall be entitled to receive an Eighth Prize of \$4.
- h. Mega Millions Panels matching no numbers (0) of the five (5) Mega Millions Winning Numbers drawn for Field 1, but matching the Mega Millions Winning Number (Mega Ball) drawn for Field 2 shall be entitled to receive a Ninth Prize of \$2.
- i. Each Mega Millions Second through Ninth prize shall be paid in one payment.

* All set prizes and Megaplier prizes may be reduced if claims exceed available prize fund. If the total of the original Mega Millions set prizes and Megaplier prizes awarded in a drawing exceeds the percentage of the prize pool allocated to the set prizes and Megaplier prizes, the set prizes and corresponding Megaplier prizes, beginning with the highest set prizes, may be paid on a Pari-Mutuel rather than fixed prize basis, provided, however, that in no event shall the Pari-Mutuel prize be greater than the fixed prize. Mega Millions and Megaplier prizes will be reduced by same percentage.

- 4. In a single drawing, a Claimant may win in only one prize category per single Mega Millions Panel in connection with Mega Millions Winning Numbers, and shall be entitled only to the highest prize.
- 5. Megaplier Promotion: A qualifying play is any single Mega Millions play for which the player pays an extra dollar for the Megaplier option play and which is recorded by the NCEL's gaming system as a qualifying play. A qualifying play which wins one of eight (8) lowest lump sum set prizes will be multiplied by the number selected, either two, three, four or five (2, 3, 4, or 5), in a separate random Megaplier drawing announced in a manner approved by the MUSL Product Group. The NCEL may change one or more of these multiplier numbers for special promotions from time to time.
- 6. All prizes, except for the Grand/Jackpot Prize, are multiplied by the Megaplier number. If the total of the original Mega Millions set prizes and the multiplied Megaplier set prizes awarded in a drawing exceeds the percentage of the prize pools allocated to the set prizes, the prizes, beginning with the highest set prizes, may be paid on a Pari-Mutuel rather than fixed prize basis, provided, however, that in no event shall the Pari-Mutuel prize be greater than the fixed prize. In certain rare instances, the Mega Millions set prize amount may be less than the amount shown. In such cases, the Match 5 Second

Tier Prize Category with the Megaplier feature may be reduced as announced by the MUSL Product Group and the remaining Megaplier prizes will be multiple of the changed Mega Millions prize amount announced after the draw. For example, if the Match 4+1 Mega Millions set prize amount of \$10,000 becomes \$2,000 under the rules of the Mega Millions game, then a Megaplier player winning that prize amount with a 4X multiplier would win \$8,000 (\$2,000 x 4).

6. For purpose of prize calculation with respect to any Mega Millions Pari-Mutuel prize, the calculation shall be rounded down so that prizes shall be paid in multiples of one dollar (\$1.00).

With respect to any Mega Millions Annuitized Grand/Jackpot Prize, the prize amount shall be rounded to the next highest affordable multiple of one million dollars, based upon market rates at the time of the annuity purchase.

7. The number of prize categories and the allocation of the Prize Fund among the prize categories may be changed at the discretion of the Directors, for promotional purposes. Such change shall be announced by public notice.

I. Ticket Validation Requirements

1. To be a valid ticket and eligible to receive a prize, a ticket shall satisfy all the requirements established by the NCEL for validation of winning tickets sold through the NCEL's gaming system, NCEL Online Play/Play-at-the-Pump System and any other validation requirements adopted by the MUSL Product Group, the MUSL Board and published as the Confidential MUSL Minimum Game Security Standards. 2. An Official Mega Millions Ticket submitted for validation which fails any of the preceding validation conditions shall be considered void, subject to the following determinations:
