

**RFP – LC000068 SCRATCH-OFF TICKET PRINTING AND RELATED
SERVICES Q&A #5**

**1. RFP Section A.2.17,
Warehousing of New Tickets (Primary),
Page 104**

Question: Will the Lottery please provide storage specifications for the 8,000 square feet required, including:

- Number of pallet positions needed.
- Size of pallet configurations.
- Amount of floor space needed

Answer: *The Contractor's scratch-off ticket warehouse needs to have 8,000 square feet for the NCEL to use as needed. The height of the space must be tall enough to allow for 3 standard-sized pallets to be stacked one on top of another, which is approximately 18 feet high.*
