

RFQ – WLA Responsible Gaming Level 4 Recertification Independent Assessor (Q&A) #2

1. Looking at your vendor and accounts payable forms, it would seem to apply only to a US citizen or corporation. Can you confirm that you are able to contract with vendors based outside the US? **Yes**
2. The background check form asks for a social security number. Those don't exist on this side of the pond. Can you confirm what information you need from individuals based in the UK? **Per the NCEL's background investigation firm, we still need a signed release form, the complete UK address and due to the foreign search, the NCEL will require the vendors to submit a fee of \$119.00. Per the first Q&As for this RFQ, responding contractors do not need to submit the release form(s) until the successful contractor is notified of contract award. The NCEL will provide a revised release form to the selected contractor at contract award notification.**
3. Do we have to have Affidavit C notarized by a UK solicitor/Notary Public? (Our usual solicitor's office is currently closed.) **The NCEL will provide a revised release form, without the notary requirement, to the selected contractor at contract award notification.**
