How to Play

1. Scratch each of the "🔪" symbols in the CASHWORD PUZZLE.
2. Scratch all of YOUR LETTERS to reveal 18 letters.

Silver/Gold Cashword

Note:

- A. The "  " symbol replaces the required letter to complete a "word".
- B. A "word" must contain at least three letters.
- C. A "word" cannot be formed by linking letters diagonally or by reading the letters from the bottom to top.
- D. Letters with or without the "  " symbol combined to form a "word" must appear in an unbroken horizontal or vertical string of letters in the CASHWORD PUZZLE. An unbroken string of letters: (a) cannot be interrupted by a black space, and (b) must contain every single letter square between two black spaces.
- E. Every single letter in the unbroken string must: (a) be revealed in YOUR LETTERS, and (b) be included to form a "word". Words such as "A" and "CAN" in "CANDY" are not complete words. Letters forming a word within a complete word can only be used to form one complete word. "BASE" and "BALL" within "BASEBALL" are considered only one complete word. The possible complete words for this ticket are shown on the CASHWORD PUZZLE. Each possible complete word consists of 3 or more letters and occupies an entire word space. You must match all of the letters in a possible complete word in order to complete the word.
